

President's Message

Open Season for Club Officers

The Explorers Dive Club owes a great thanks to those members that have stepped up to run events or take board positions. From the rafting trip, dive boats, holiday parties, monthly presentations and other events over the years, the club officers have given members a lot of enjoyment. As the Club year closes in June, and my tenure as Club President comes to an end, I want to open the floor to see if anyone will step forward to assume the position.

Club Trip - Palau??

Last month we were looking to see if there was any interest in a Club trip to Belize or Palau. Unfortunately, there was NO interest expressed for Belize later this year, but some for Palau in the 3rd quarter of 2019. I will continue to explore the costs and timing and generate a flyer to see if there is sufficient interest to book the trip.

Please communicate any interest in a club position or a trip to me directly at 1969.diver@gmail.com.
